Discounts on Eye Exams, Prescription Lenses and Eyewear

Members present their ID cards for discounts on eye exams, prescription lenses and eyewear at participating vision centers. Call (866) 273-0813 to locate a provider.

Blue Care Connection (BCC)

When members receive covered inpatient hospital services, coordinated home care, skilled nursing facility or private duty nursing from a participating provider in the state of Illinois, the provider will be responsible for contacting the BCC pre-notification line. When using non-participating Illinois providers and out-of-state providers, members are required to contact the BCC pre-notification line **1 business day prior** to any elective inpatient admission or within **2 business days after** an emergency or maternity admission. Failure to pre-notify with the BCC when required will result in benefits being reduced by \$1,000.

Schedule of Maximum Allowances (SMA)

The Schedule of Maximum Allowances (SMA) is not the same as a Usual and Customary fee (U&C). Blue Cross and Blue Shield of Illinois' SMA is the maximum allowable reimbursement for professional services, including but not limited to those listed under Medical/Surgical and Other Covered Services above. Out of network professional providers are those who have not signed an agreement with Blue Cross and Blue Shield of Illinois to accept the Schedule of Maximum Allowances as payment in full. Therefore, members may be responsible to these providers for the difference between the Blue Cross and Blue Shield benefit payment and the providers' charges.

To Locate a Participating Provider: Visit our Web site at www.bcbsil.com/providers and use our Provider Finder® tool.

In addition, benefits for covered individuals who live outside Illinois will meet all extraterritorial requirements of those states, if any, according to the group's funding arrangements.

What is the Blue Cross and Blue Shield of Illinois formulary?

The BCBSIL formulary is a continually updated list of preferred drugs reviewed by a national committee of physicians and pharmacists. A drug on the formulary benefits Blue Cross members as it gives them access to valuable medications at a lower out-of-pocket expense. All generic drugs and select brand name drugs that provide effective, safe and appropriate drug therapies are listed on the formulary. The BCBSIL formulary is "open," meaning that benefits are payable for drugs that are not on the formulary, but are subject to the highest copayment level.

How can I find out if a drug is on the formulary, and if it is a generic or a brand name drug?

As part of the enrollment literature, members may receive a list of some of the most commonly prescribed formulary drugs. If a particular drug does not appear on the list, members can:

- Refer to the pocket edition of the BCBSIL formulary.
- Visit the BCBSIL Web site at www.bcbsil.com.
- Discuss the most appropriate drug therapy with their physician or pharmacist. Using generic drugs whenever possible will help save money.

How can I find a contracting pharmacy?
